Transmittal No. 12-16

## **Singapore – F-15SG Pilot Training**

WASHINGTON, May 1, 2012 – The Defense Security Cooperation Agency notified Congress April 30 of a possible Foreign Military Sale to the Government of Singapore of a possible sale of follow-on support and services for Singapore’s Continental United States (CONUS) detachment PEACE CARVIN V (F-15SG) based at Mountain Home Air Force Base (AFB) for a five-year period. The estimated cost is \$435 million.

The Government of Singapore has requested a possible sale of follow-on support and services for Singapore’s Continental United States (CONUS) detachment PEACE CARVIN V (F-15SG) based at Mountain Home Air Force Base (AFB) for a five-year period. MDE includes: 40 GBU-10 PAVEWAY II Laser Guided Bomb Units, 40 MXU-651/B Air Foil Groups, 84 GBU-12 PAVEWAY II Laser Guided Bomb Units, 84 MXU-650/Bs Air Foil Groups, 124 MAU-169L/Bs Guidance Control Units, and 3 P5 Combat Training System Pods. Also included: commercial vehicles, publications and technical documentation, tactics manuals and academic instruction, clothing and individual equipment, execution and support of CONUS exercise deployments, airlift and aerial refueling, support equipment, spare and repair parts, repair and return, personnel training and training equipment, U.S. Government and contractor technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$435 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been, and continues to be, an important force for economic progress in Southeast Asia.

Singapore needs this training and munitions to support its F-15 aircraft. This program will enable Singapore to develop mission-ready and experienced pilots to support its current and future F-15 aircraft inventory. The well-established pilot proficiency training program at Mountain Home Air Force Base will support professional interaction and enhance operational interoperability with U.S. forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There is no prime contractor involved in this proposed sale. There are no known offset agreements proposed in connection with this potential sale. Implementation of this proposed sale will not require the assignment of any additional U.S. Government and contractor representatives to Singapore.

There will be no adverse impact on the U.S. defense readiness as a result of this proposed sale. This notice of a potential sale is required by law and does not mean the sale has been concluded.
