(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show –

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) Acknowledgment of Solicitation Amendments;

(9) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(10) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(a) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 120 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(b) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(d) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(e) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(f) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

End of Addendum to 52.212-1

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Maintenance Plan
2. Past Performance
3. Price

A. Factors:

1. Maintenance Plan. Propose plan in support of the requirement outlined in the SOW.

(a) The maintenance plan must be in accordance with manufacturer's schedule. The maintenance plan should clearly describe the following:

- (i) Maintenance schedule.
- (ii) The tasks that you will perform during specified maintenance, (i.e., monthly quarterly, semi annual and annual).

2. Past Performance. Describe a minimum of three (3) contracts your firm has or is working on that address the kinds and types of requirements specifically called out in the SOW. Direct experience with the specific systems of the client identified in the SOW should be called out as well as experience with similar systems of other agencies.

- (a) Quality of Service
- (b) Timeliness of Performance
- (c) Business Practices/Customer Satisfaction

All sub factors for Past Performance will be of equal importance.

NOTE: In the event that an Offeror has no Past Performance history, e.g. a new firm, this rating factor will be considered neutral and will neither increase an Offeror's overall rating nor decrease it.

3. Price. The price proposal will be analyzed for reasonableness and completeness to determine the evaluated price to the Government.

B. Relative Order of Importance: Maintenance Plan is most important. Past performance is significantly less important than maintenance plan. When combined, all non-priced factors are significantly more important than price.

SOURCE SELECTION PROCEDURES

A. Evaluation Criteria. The purpose of the evaluation criteria is to provide a sound factual basis for the Contracting Officer to select that offeror whose proposal offers the best value to the Government. The specific technical factors/sub factors are set forth in this SSP and will be included in the Addendum of 52.212-2 of the RFP. The relative importance of the evaluation criteria is described in Paragraph B above.

B. Related Definitions.

1. Deficiency. A material failure of a proposal to meet a Government or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level. Examples of deficiencies include a statement by the offeror that it cannot or will not meet a requirement, an approach that clearly does not meet a requirement, or omission of data required to assess compliance with the requirement.

2. Weakness. A flaw in the proposal that increases the risk of unsuccessful contract performance. A "significant weakness" in the proposal is a flaw that appreciably increases the risk of unsuccessful contract performance.

3. Advantage/Enhancement. An advantage/enhancement describes some element of a response that notably enhances an aspect of the offeror's ability to perform the effort or that represents a significant benefit to the Government.

4. Clarifications. Limited exchanges, between the Government and offerors that may occur when award without discussions is contemplated. These limited exchanges may be used to clarify certain aspects of proposals (e.g., the relevance of an offeror's past performance information and adverse past performance information to which the offeror has not previously had an opportunity to respond) or to resolve minor or clerical errors.

5. Risk – The degree of probability that an offeror will not perform contract requirements as promised. The level of uncertainties that exist in the proposal will jeopardize successful execution of an approach or plan.

C. Proposal Ratings.

1. To ensure a thorough and fair evaluation, it is imperative that the ratings be consistently applied across proposals. The following adjectival ratings will be used to rate each proposal, less the price factor.

- a. Excellent: To receive this rating, proposed offer demonstrates a thorough understanding of the requirements. The Offeror has a very high probability of success in completing the requirements. All factors/sub factors must have received a rating of Excellent/Low Risk.
- b. Good: To receive this rating, proposed offer demonstrates a good understanding of the requirements. The Offeror has a high probability of success in completing the requirements. All factors/sub factors must have received a rating of at least Good/Medium Risk.
- c. Satisfactory: To receive this rating, proposed offer demonstrates an acceptable understanding of the requirements. The Offeror has a moderate probability of success in completing the requirements. All factor/sub factors must have received a rating of at least Satisfactory/Medium Risk.
- d. Unsatisfactory: To receive this rating, the proposed offer has received an Unsatisfactory/High Risk rating in one of the non-price factors/sub factors.

- e. High Performance Risk: Likely to cause significant disruption to schedule, increased cost or degradation of performance. Risk may be unacceptable even with special contractor emphasis and close government monitoring.
- f. Moderate Performance Risk: Can potentially cause some disruption of schedule, increased cost or degradation of performance. Special contractor emphasis and close Government monitoring will probably be able to overcome difficulties.
- g. Low Performance Risk: Has little potential to cause disruption of schedule, increased cost or degradation of performance. Normal contractor effort and normal Government monitoring will probably be able to overcome difficulties.
- h. Neutral: Insufficient relevant past performance information available.

2. Evaluation of Options. Except when determined not to be in the Government's best interest (FAR Part 52.212.2(b)), the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

3. Award on Initial proposals. The Contracting Officer retains the right to evaluate offers and make award without discussions with offerors. Therefore offerors are encouraged to insure that initial proposals contain the offeror's most favorable terms and reflect its best possible performance potential.

4. The offeror will be considered acceptable if, and only if, the offeror submits the information as required in the Instructions to Offerors, FAR 52.212-1, and Addendum to FAR 52.212-1, and manifests the offeror's unconditional assent to the terms and conditions of the solicitation, including the Performance Work Statement.

5. Discussion/Negotiations: The Contracting Officer may clarify all information submitted in response to the solicitation as necessary to evaluate the proposals, and notwithstanding these clarifications, the Contracting Officer still retains the right to award without discussions.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of clause)

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (JAN 2005)

An offeror shall complete only paragraph (j) of this provision if the offeror has completed the annual representations and certifications electronically at <http://orca.bpn.gov>. If an offeror has not completed the annual

representations and certifications electronically at the ORCA website, the offeror shall complete only paragraphs (b) through (i) of this provision.

(a) Definitions. As used in this provision:
